The safety of the children is a primary concern of the Camp Awesome Program. During program hours, we endeavor to maintain the highest possible standards to ensure children in our care are safe. Our care and responsibilities ensure that children are returned to an appropriate guardian when our program ends. As a result, parents and guardians are asked to sign their children into the program at the beginning of the day and sign out of the program at the end of the day. If alternate arrangement will be made for sign out please let us know prior to the day.
